

**Outstanding Real Estate Property Tax Liens Struck Off To The County and Held By The County  
For More Than Three Years Without Obtaining A Deed Or Being Otherwise Disposed Of  
Prepared by the County Treasurer and Presented to the Board of Commissioners Pursuant to §39-11-142 (7)**

See Exhibit A

39-11-142. Disposition of certificates held by counties.

(1) In cases where a tax lien on real estate has been struck off to the county at tax sales and the county has held the certificate of sale for three years or more, the board of county commissioners may apply for and receive a tax deed in like manner as is provided by law in the case of delinquent tax sale certificates held by individuals. The board of county commissioners, whenever the county becomes entitled to a tax deed, may cause the treasurer to issue, serve, and publish notices, pursuant to law, of application for such tax deed in like manner as in the case of individual certificate holders.

(2) In cases where the county has held the tax certificate for five years or more and such real estate is not located within the limits of any incorporated town or city within the said county, the county may include in one request or demand any or all separate parcels of real estate for which it holds tax sale certificates for sales in any one year, and the board of county commissioners may apply for and receive tax deeds therefor. In cases where the county has held the tax certificate for eight years and in the opinion of the board of county commissioners such real estate is not used, operated, or maintained wholly or in part in the interest or for the benefit of the public, said board shall apply for and receive a tax deed therefor.

(3) Upon making application in the case of tax certificates held by the counties for five years or more, the treasurer shall not be required to give the notice that a request or demand for tax deed has been made upon him provided for in section 39-1 1-128. The treasurer, in lieu of such notice, at least sixty days before the day said tax deed issues, shall give notice by registered or certified mail, addressed to the last known residence of the person in whose name the real estate is assessed for the years during which said taxes have not been paid, that a tax deed has been applied for on the particular described property and that said tax deed will issue on a day certain. The treasurer shall also post in a public place in the county courthouse, at least sixty days before said deed issues, a notice stating that a deed will be issued to the county on the real estate described in said notice. Said notice shall contain the name of the person to whom the property is assessed together with the date said tax deed will issue.

(4) In all cases, the owner of the property shall have the right of redemption of the property as provided by law.

(5) Any tax deed, when issued to the county, shall be duly recorded, but no fee shall be required to be paid therefor. Thereafter, the board of county commissioners shall list such property for sale and post such list in the county courthouse and, out of the county general fund, may make such essential repairs thereon and pay such premiums for fire insurance as are necessary for the protection and preservation of any improvements on such property. The board of county commissioners, after a county has acquired such tax deed, in its discretion, may institute and prosecute suits to quiet the title to any such real estate so acquired under such tax deeds.

(6) (a) In all cases where a tax lien on real property has been struck off to the county at a tax sale and the county has held the certificate of sale for thirty years or more without obtaining a tax deed as provided in this section, then such certificate may be declared void and of no effect.

(c) Upon being presented with such list, the board of county commissioners shall determine that the tax liens were struck off to the county, that such certificates of sale relating thereto have been held by the county for thirty years or more, and that no tax deed has been obtained or applied for as provided in this section. Upon making such determination, the board of county commissioners may declare that such certificates are void, and an order to that effect shall be duly entered in the recorded proceedings of the board, which order shall direct the treasurer to cancel such certificates of sale.

(d) Upon receipt of an order of the board of county commissioners declaring that any certificates of sale are void, the treasurer shall record said order in his records and shall cancel all such certificates specified in said order.

(e) Any action concerning a determination and declaration by a board of county commissioners made pursuant to this subsection (6) shall be commenced within one year after the date of the board's order, or said action shall be forever barred.

(7) It is the duty of the treasurer at least once each year to prepare and present, at any regular or special meeting of the board of county commissioners, a list of all tax liens on all real property struck off to the county and all certificates of sale relating thereto, which certificates have been held by the county for three years or more without obtaining a deed or being otherwise disposed of under this article 11.
