3. The following acts are prohibited until further notice:

- a. **FIRE:** The building, maintaining, attending, or using any fire, campfire, coal or wood burning stove, any type of charcoal fueled broiler, or open fire of any type in undeveloped areas, is NOT authorized during Archuleta County fire restrictions (refer to Paragraph 4 for exemptions).
- b. **BURN PERMITS:** Burn permits issued shall not be authorized during the fire restriction period.
- c. **FIREWORKS:** The use of ALL fireworks is prohibited in a fire ban. This includes "permissible fireworks" such as, but not limited to small fireworks devices designed to produce audible or visual effects by combustion, fountains, cones, spinners, sparklers, poppers, snake or glow worm pellets and other trick noisemakers. Please see the complete listing as defined below.

- e. **SHOOTING:** Shooting tracer rounds or explosive type targets are prohibited. The use of an explosive initiation system requiring a burning fuse line is prohibited.
- f. **SMOKING:** Smoking, except within an enclosed vehicle or building, a developed recreation site, or while stopped in an area of at least six feet diameter that is barren or cleared of all combustible material is NOT authorized during Archuleta County fire restrictions.

4. The following acts are approved exemptions during fire restrictions:

- a. **FIRE:** Recreational fires will be limited to appliances fueled by bottled gas, or pressurized liquid fuel, at developed parks, campground, private residence, or picnic area and not closer than 30 feet from an undeveloped area.

DEFINITION: Liquid or Gas-Fueled Appliances such as grills, camp stoves, and Tiki torches that burn liquid or gaseous fuels and can be shut off. Recreational camp fires will also be limited to burning material other than rubbish or debris where the fuel being burned is not contained in a portable outdoor fireplace or barbeque grill and has a total fuel area of 2 ft wide x 2 ft long x 2 ft high, protected by a permanent fire ring structure and covered by a steel grate, for pleasure, religious, ceremonial, cooking, warmth, or similar purposes. This includes fires in barrels and drums; fixed, permanent outdoor fireplaces; and barbeque pit fires.

- b. **CHAINSAW:** Operating a chain saw with a USDA or SAE approved spark arresting device properly installed and in effective working order, and having a chemical pressurized fire extinguisher of not less than eight (8) ounces capacity by weight, and possessing one large size pointed shovel with an overall length of at least thirty-six (36) inches is allowed during fire restrictions. The extinguisher shall be with the chain saw operator. The shovel may be kept with the fueling supplies, but readily available for quick use.

DEFINITIONS: A chiminea is a freestanding front-loading fireplace or oven with a bulbous body and usually a vertical smoke vent or chimney. Fires start very quickly in chimineas after ignition with papers and small pieces of wood. When in full burn after just 15 minutes, they give off tremendous heat due to their design which allows much more air to be drawn in than, for example, a fire basket.

Portable Outdoor Fireplace: A commercially purchased portable, outdoor, solid-fuel-burning fireplace that may be constructed of steel, concrete, clay, or other non-combustible material. A portable outdoor fireplace may be open in design or may be equipped with a small hearth opening and a short chimney or chimney opening at the top. These devices must be operated according to the manufacturers' instructions with all covers, screens, spark arresters, and grates in place. Portable outdoor fireplaces shall not be operated within 30 feet of a structure or combustible material.

- e. **HEATING DEVICES:** Any fires contained within liquid-fueled or gas-fueled stoves, lanterns or heating devices are allowed during fire restrictions.

 - ii. Fire Department/District training fires.
 - iii. Burning of explosive wastes by manufacturers of explosives in areas zoned for industrial use, when the burning is supervised by the fire protection district.
 - iv. Open fires or open burning by any federal, state, or local officer in the performance of official fire suppression functions.

Operators are also required to notify Archuleta County Combined Dispatch at 970-731-2160 in advance of any flaring when it is anticipated, and in all other cases as soon as possible, but no more than two hours after the flaring has occurred.

- 5. The fire restrictions hereby proclaimed are effective Wednesday, May 18, 2022 at 9:00 a.m. and shall remain in effect until amended or rescinded by the Archuleta County Sheriff or the Archuleta Board of County Commissioners.
- 5. The Sheriff may grant written permission to allow open fires upon request, provided that it is proven to their satisfaction that such exception to the fire restrictions does not constitute a high danger of forest, grass, or other wildland fire; or
- 6. For the year 2022, the Archuleta Board of County Commissioners or the Archuleta County Sheriff may immediately amend, rescind, or instate any fire restrictions within unincorporated Archuleta County with a public statement as to the parameters of the fire
