FOR IMMEDIATE RELEASE

### **Park Avenue Paving Project is Completed**

The Archuleta County Public Works Department is pleased to announce the completion of the Park Avenue Paving Project. This major road capital improvement project, encompassing over 2 miles of the reconstruction and paving of Park Avenue, a portion of Cloud Cap Avenue and Holiday Avenue came in \$310,000 under budget and ahead of schedule.

The project began in April with the contract for engineering services being awarded to Davis Engineering. In early June, the Board of Commissioners awarded the construction contract for the "Resurfacing of Park Avenue and a Portion of Cloud Cap Avenue" to Elam Construction, Inc. in the amount of \$1,812,982.12. Then, in July, the Commissioners approved a change order to Elam Construction for the paving of Holiday Avenue in the amount of \$508,609.35.

Throughout the summer, the team of Davis Engineering, Elam Construction and the Public Works staff managed the project without any significant problems or delays. Ken Feyen, Public Works Director stated: "The early completion of the project and bringing it in under budget is a credit to the performance of Davis Engineering and Elam Construction. This was a true team effort and one that I am very proud of."

Archuleta County looks forward to other road capital improvement projects in 2010. Check the website at [www.archuletacounty.org](http://www.archuletacounty.org) for current information.
