

ARCHULETA COUNTY PUBLIC HEALTH DEPARTMENT

TRANSITIONAL ADVISORY COMMITTEE

Meetings are conducted in person at the Administration Building located at 398 Lewis Street. Whenever possible, meetings will be broadcast online via Zoom, which can be accessed from a computer or phone with internet access. The Committee does not and cannot guarantee internet service or online broadcasting.

Remote attendance is at the risk of the attendee as public meetings will continue in person regardless of the County's broadcast capability. View the Zoom meeting at: <https://us06web.zoom.us/j/86527731867?pwd=bEY0VWV3eVdpNFF1WklFeCs1NHdCdz09> Meeting ID 865 2773 1867 - Passcode HealthyAC

CALL TO ORDER THE REGULAR MEETING OF THE COUNTY PUBLIC HEALTH DEPARTMENT TRANSITIONAL ADVISORY COMMITTEE ON JULY 17, 2023 AT 9:00 A.M.

County Public Health Director Comments

Not an action item.

Consent

A. Review and Approval of Meeting Minutes from June 26, 2023.

Committee Member Sally Kennedy moved to approve the consent agenda. Committee Member Andrea Phillips seconded the motion and it carried unanimously.

New Business

A. Begin Draft of Memorandum to Board of Health with Recommended Programs - Not an action item.

The next meeting will be on Monday, July 17, 2023 at 9:00 a.m.

With no further business coming before the committee, Vice Chairperson John Ransom adjourned the meeting at 10:23 a.m.

Approved this 17th day of July, 2023.

John Ranson, Vice Chairperson

7/10/23 TAC Meeting Notes

Public Health Director Comments:

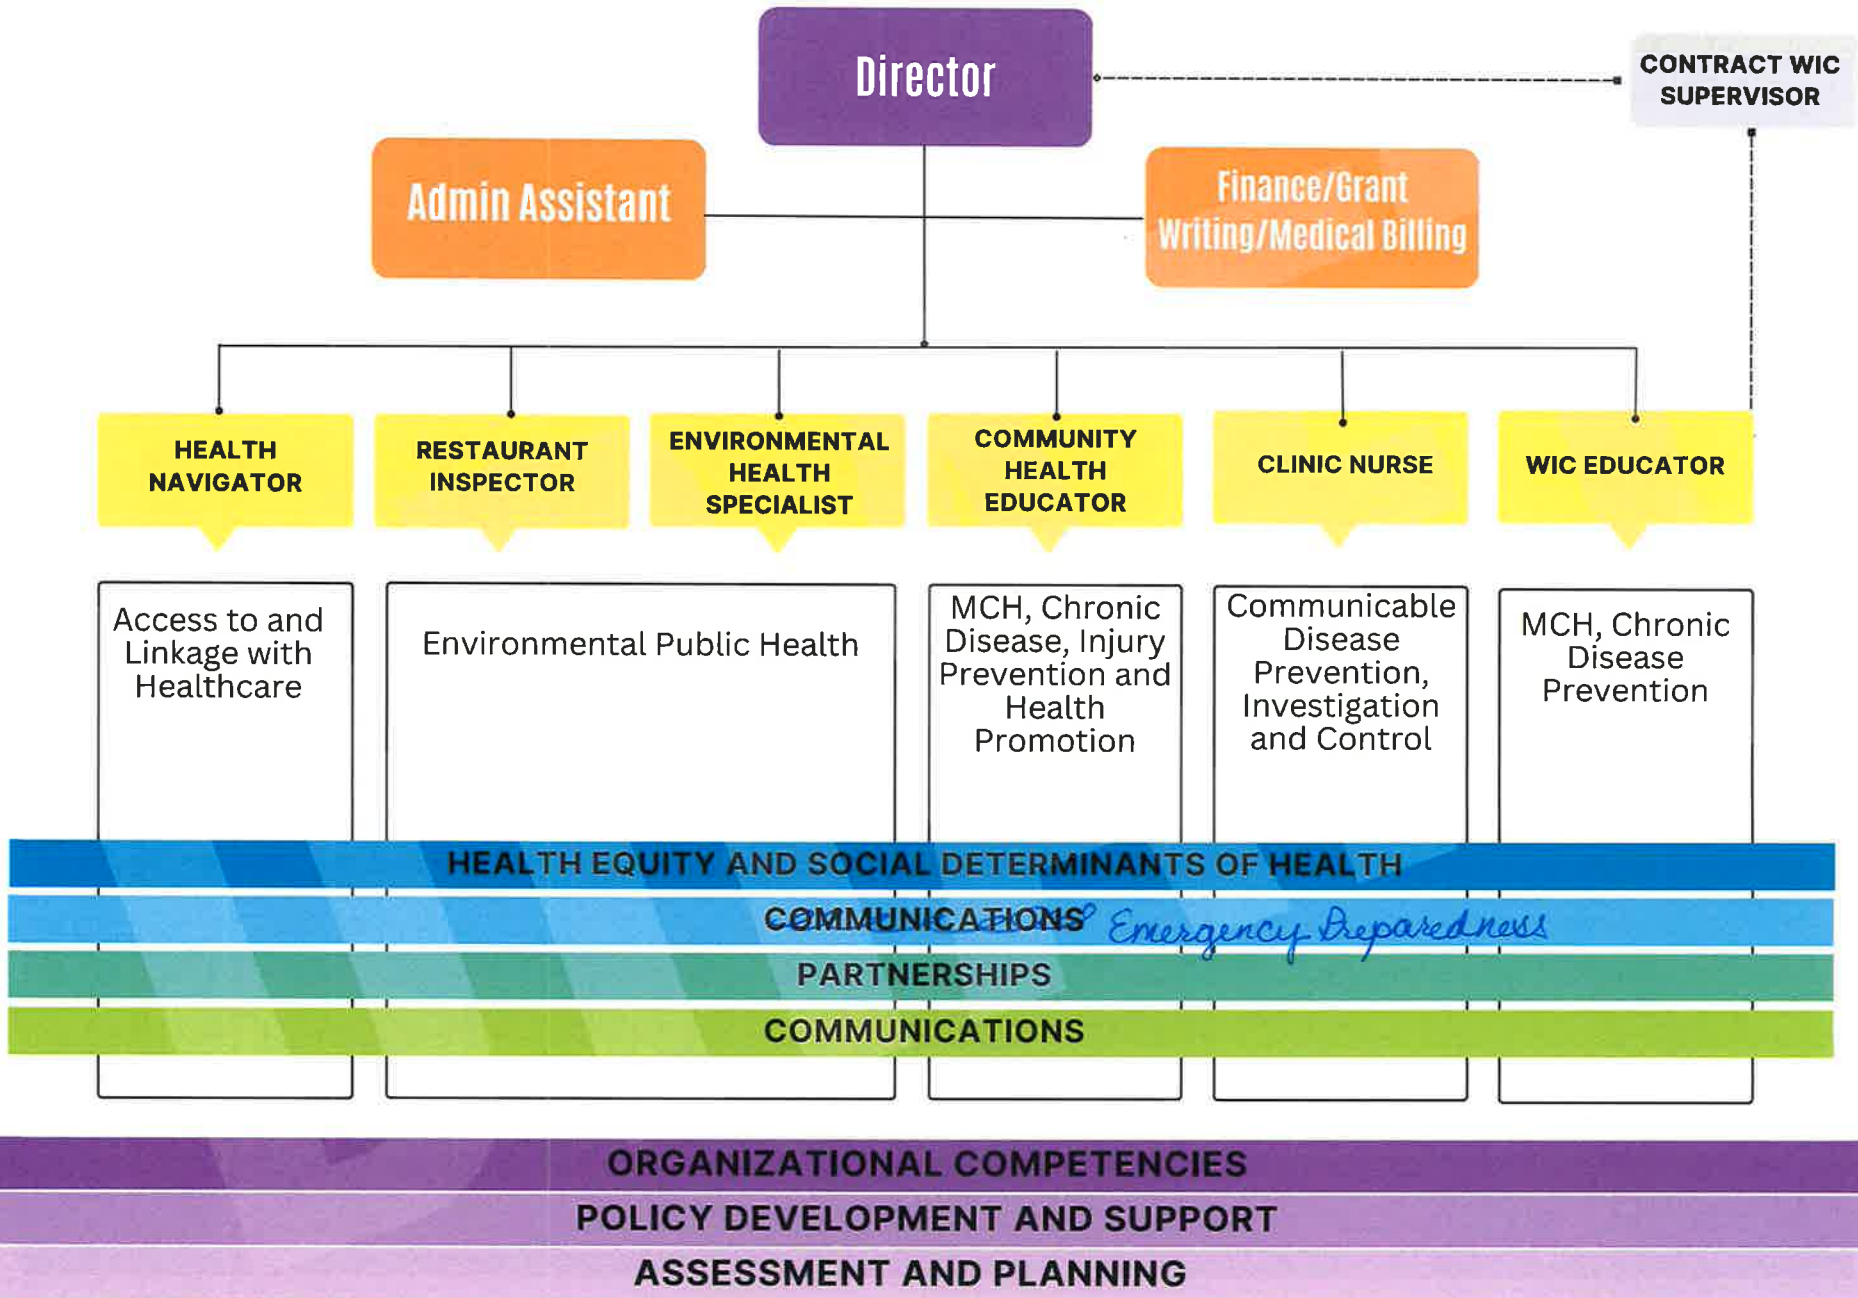

- Some state funding is starting to come out. Wise Woman program (cancer screening) is being investigated as far as split with La Plata County.
- Nurse Family Partnership collaboration meeting in La Plata County in 2 weeks – Ashley will attend.
- SJBPH invited Ashley to join their Assessment & Planning team for the final two quarters of 2023. They're reviewing the results from their survey and will hopefully be shared soon.
 - This assessment should suffice for us – Ashley will confirm with CDPHE. If not, maybe we can piggy-back on Healthy Archuleta's plan.
- She's attending a meeting with Healthy Archuleta later this week. Will be focusing on data collected.
- Andrea – any software programs that need to be purchased now? State provides Vital Statistics and WIC software. Anything else will still be figured out.
- Sally – we talked about a grant that we missed the deadline on. Can we talk with CDPHE about it. Yes, they've agreed to extend the deadline on some programs due to the later funding dates.
 - Public Health Innovation Grant Program is on the radar's.

Recommended Programs:

- Draft organizational chart done by Ashley but doesn't include staffing requirements.
- Need to confirm that the state foundational capabilities need to be covered.
- Medical Director – consultant/contractual.
- Finance/Grant Writing/Medical Billing – might be shared with Finance and DHS.
 - Grant Writer position being posted by Finance now.
 - Medical Billing – could be done by Admin Assistant – time depends on how many services are provided.
 - Could this be contracted out? Maybe at the beginning.
- Health Navigator – does insurance work and families with high medical needs on Medicaid. 1 FTE
- Restaurant Inspector/Environmental Health Specialist – shared position – 1.5 FTE
- Community Health Educator – 1 FTE – health promotion (i.e., tobacco, suicide prevention education) – small programs, breast feeding promotion, presentations at high school. (Can use the Health Behavior person on John's budget for this position).
 - Would also interface with the schools on immunizations and oral health.
 - Sally – what about Oral Health – where does that fall on this chart? Outsourced positions aren't on this chart since we won't have direct supervisory responsibilities for it.
- Clinic Nurse – Not sure if full time, since not sure what level our clinic will have in January. They currently have children's immunizations twice a month and WIC twice a month. This could be a 2-3 days per week at the beginning.
 - Sally – depends on what the Medical Director thinks. Would also be needed for STI investigations. 8th Street staff has been doing this, but protocols need to be looked at to ensure it's all being done now.

- Sally – are the current SJBPH staff covered on this chart? Yes, but overlapped between Admin Assistant, Health Navigator and WIC Educator. Won't be as clear cut as we'd like it to be.
- WIC Educator – currently .8 FTE with .2 Front Desk.
- Sally – any thought on MOU with Axis for programs? Yes, she needs to meet with them to figure out which gaps they can fill.
 - Will take some time to get them to finalize – it will need to go up the ladder.
- Budget shows 2 FTE for Communicable Disease. Should go down to 1 for January.
 - Other FTE could do more Zoonotics, but wouldn't be a FTE.
 - Maybe have Clinical Nurse as .5 FTE and Communicable Disease person as 1 FTE.
 - Sally – RN can't do well woman exams, must be a nurse practitioner?
 - Sally – hard to say whether to have .5 or 1 FTE RN or NP. SJBPH has missed a lot of opportunities for screening because they're only at the clinic a few days a month. Should offer more.
 - Maybe go for a NP position with a BSN credential. (\$80K is low, might need to go to \$100K, but its negotiable)
 - To be safe, let's put it at 1 FTE to allow us more room to offer options.
- Contractual positions will be the Medical Director, the Nurse Family Partnership (almost 100% funded through state), Oral Health (mostly covered by the state).
- Memo to Board of Health – to include org chart, budget, program recommendations including staffing recommendations and state funding.
- Emergency Preparedness – still need to figure out what state will be doing on this, but much of this will be a collaboration with the county's Emergency Management Services.
 - Community Health Educator will be the communications person in the event of an emergency.
- Program Selections – can take from individual memos.
 - Prevention programming could be small funding amounts, but larger responsive programming has more funding. Might need to have more conversations with Axis on what they can provide.
 - TB program very expensive – how do we recommend this? How do we coordinate the service if we can't provide it.
 - Sally – Axis has said they're more of a wellness program. The hospital would be better for active care programs.
- Andrea – include in the memo of items that are not included in our recommendations but are on the radar for either outsourcing or need to consider that.
- John – include water quality responsibilities being done at the Planning Department.
- Shoot for finalizing the memo next Monday, presenting at BoCC work session on 7/25 and BoCC approval on 8/1.
- Would like to hire Restaurant Inspector this year to get properly trained. Would also like to advertise for 8th Street Staff personnel soon to lock them in for January and to start their training.
