Landfill
D6 Dozer Rebuild
Wagner CAT Bloomfield NM
\$295,027.77

Wagner CAT Bloomfield NM - \$295,027.77
2006 CAT D6R Rebuild (SN: GJB00441)

This is a request to perform the necessary repairs on the Landfill D6R Dozer. The Dozer is an essential part of Landfill daily operations. Unit 306 is a 2006 Caterpillar D6R Dozer with 9,000 engine hours. The repairs will include the reconditioning of the transmission, engine, final drives, cab interior, as well as tracks. Unit 306 is at Wagner Cat Bloomfield, awaiting approval to proceed with repairs. Wagner Equipment is the sole source for this purchase and my suggested vendor.

Michael Torres
