ACF 196R Line*	Program Component	Function Code	Description
19	1870	4180	TANF-Formation of 2-Parent Family Services

The Colorado Works Program is designed to support the following federal and state purposes as specified in statute at Section 6-2-705, C.R.S:

- Assist participants to terminate their independence on government benefits by promoting job preparation, work and marriage;
- Provide assistance to needy families so that children may be cared for in their homes or in the homes of family members;
- Prevent and reduce the incidence of out-of-wedlock pregnancies and to establish annual numerical goals for preventing and reducing the incidences of these pregnancies;
- Encourage the formation of two-parent families

The TANF federal and state purpose(s) of THIS AGREEMENT is/are _____.

* Contractor is responsible for any eligibility determination and maintaining eligibility documentation. Contractor will obtain TANF/Colorado Works Affidavit of Eligibility from each consumer receiving services under this contract. TANF/Colorado Works Affidavit of Eligibility attached.

THIS AGREEMENT prohibits sup plantation. "Sup plantation" means the replacement of county funds serving Colorado Works participants with block grant funds and the use of those county fund savings for purposes other than Colorado Works.

EXHIBIT A: SCOPE OF SERVICE

Archuleta County Department of Human Services Obligations

- a. Archuleta County Department of Human Services staff will meet Rise Above Violence as needed to consult on domestic violence victim's needs and to coordinate services for that individual or the involved family.

- b. Archuleta County Department of Human Services staff will refer victims of domestic violence to the Rise Above Violence Program.
- c. Archuleta County Department of Human Services staff will collaborate with Rise Above Violence and discuss best practices as they apply to children who have been exposed to domestic violence.

Rise Above Violence Program Obligations:

- a. Rise Above Violence (Rise) staff will provide victim services to DHS clientele who may be experiencing victimization, up to and including an explanation of DHS processes, court advocacy in DHS-related hearings, and accompaniment of victims to DHS appointments. Domestic Violence victims will be provided extensive education on domestic violence and the effects it has on their children, while developing a concrete safety plan to increase safety for themselves and their children. In the case of co-occurring child maltreatment and domestic violence, Rise will provide CPS workers with expert case consultation on case mapping and planning, development of service plans and best-practice case documentation pertinent to the domestic violence. Rise will remain a member of the Child Protection Team and participate in CPS case review/supervision/RED Team meetings when invited, ensuring that victims are represented throughout the process.

Intervention Goal: Provision of domestic violence supportive services, including intensive case management for DHS clients and consultation for DHS staff.

Rise will provide domestic violence services, advocacy and education to 45 DHS clients

Rise will provide consultation with CPS workers in cases involving domestic violence and where child maltreatment are co-occurring. Weekly meetings will occur with an average of three to four cases being consulted on. Rise staff maintains a log of consultations which includes the next steps for participants.

- b. Rise Above Violence staff will coordinate the DHS/DV Collaboration Team to further enhance the domestic violence response within child protection, family advocacy, home-based therapist, and CO Works systems. Rise will work directly with DHS staff to form any necessary interagency protocols and/or policies to address the needs of victims and children, recognizing safety while upholding offender accountability. Rise will investigate, train and initiate best practice collaborations between DHS, CPS and victim advocacy agencies, from national models such as Safe & Together, Praxis International, or other effective models throughout the country. Continuation of education and training on domestic violence will occur for DHS workers to include topics of victim dynamics, offender behavior and accountability, identification of predominant aggressor, and best practices of working with clients who remain in contact with their abusive partners.

Collaboration Goal: Enhance DHS responses to families experiencing domestic violence through education and training and subsequent program development. Rise will provide

monthly interactive, advanced training and work sessions using information obtained from best-practice models and other effective approaches.

- c. Rise Above Violence staff will continue to advance youth violence prevention initiatives, engaging more youth in bystander interventions and equipping them with tools to keep themselves, their siblings, and their peers safe. Additionally, Rise will continue to recruit teen mentors to provide bullying and bystander intervention workshops to middle school students. It is our experience that older youth involved in teaching younger students have an increased response and engagement rate than previously seen when an adult taught the classes. This increases the likelihood of psychoeducational support groups for teens and middle school students experiencing violence from bullying, dating violence or exposure to domestic violence in their homes. And, finally, Rise youth prevention initiatives will target at-risk youth, working directly with other supportive adults, including DHS workers, school personnel, local counselors, and family members to respond to the specific needs a particular student may have.

Prevention Goal: Continued development and enhancement of the Youth Violence Prevention Education Program.

Ninety (90) education presentations and other activities will be conducted by June 20, 2024.

- d. Rise Above Violence (Rise) staff is responsible for any eligibility determination and maintaining eligibility documentation.
- e. Rise will continue to provide monthly consult meetings to DHS staff but they will occur on a bi-monthly basis.
- f. Rise will provide updates to DHS staff related to Court actions (e.g., modifications to protection orders) impacting case delivery and that may impact support planning and safety. It is understood that actions in criminal cases are publicly available and not restricted by confidentiality issues. It is understood that civil matters may not be publicly available and information sharing may be limited. Rise agrees to develop a means of communicating this information to the Protection Services Supervisor. Goal is to reduce duplication and effort to collect this information recognizing that Rise has an employee/volunteer who already accompanies clients/consumers to Court hearings where these changes occur.
- g. Following an incident of domestic violence requiring CPS response, Rise will meet with DHS staff to review immediate safety plans and discuss next steps. It is understood that the role of DHS and Rise is different. DHS is responsible for making decisions related to immediate child safety. Rise is responsible for making decisions related to the adult survivor/victim safety. At times, the safety goals of children and adult victims may not align AND our efforts to work together should recognize this and appreciate each agency's responsibility.

- h. Rise and ACDHS collectively participate in a facilitated meeting to discuss our respective roles and to improve communication with the goal of reinforcing a long-standing agency relationship and in recognition of the services we collectively provide in increasing safety in our community.**
