WAIVER REQUEST			
1) Controlled maintenance - project scope is limited (e.g., roof replacement, no HVAC improvements, etc.)			
2) Less than 5,000 gross square feet of conditioned space for human occupancy			
X 3) Increased costs over the baseline project budget cannot be recouped from decreased operational costs within a 15 year period (in aggregate) as documented.			
If the project is requesting a waiver based upon item #3 above, include, as part of the registration process, the cost breakdown per the criteria on a HPCP checklist. Costs from a contractor cost estimate are preferred. Operation savings can be projected or estimated.			
Project Coordinator Attests to the Accuracy and Completeness of this Waiver Request by entering their name and date below.
