Child Fatality Prevention Teams
Subject to available appropriations, County Public Health Agencies are required to establish or designate a local child fatality prevention team by January 1, 2015. The local review teams are required to review fatalities of children up to the age of 17 and to operate under the supervision of the Colorado Department of Public Health and Environment. County Public Health Agencies may partner with each other to form regional review teams or work in partnership with community providers to meet this requirement.
